

**Honourable George Groeneveld, Minister of Agriculture and Food**

The Minister will share the Alberta Government's vision for building a strong and sustainable agriculture industry that will enable the growth of a globally competitive, sustainable agriculture and food industry.

A look at how the Renewal Chapter of the Agricultural Policy Framework is working for farmers will be highlighted. Through Renewal business ideas, information, and programs, Alberta producers can access valuable tools that will assist in building sustainable farms and ultimately a stronger agriculture and food industry.
